

TR1000+ CPS150

Brake disc and drum lathe

TR 1000 is a heavy duty brake drum lathe for cars and trucks particularly indicate to those mechanics who are seeking for a reliable product of quality and easy to use at a reasonable price. In fact it has been designed on the experience of the model TR 1500 but removing all those attachments not needed to some kind of users; however such devices are available, on demand, as optional equipment like the shaft support arm for twin wheel machining (CPS150) or the powered cross slide feed for disc turning (TR1996).

The main features of TR 1000 are the structural reliability granted by the wide use of cast iron for all composing machine parts as basement, tables and lathe unit box, and the easiness to use thanks to few and intuitive commands conveniently located that allow all adjustments in order to always obtain best result of accuracy and finishing.

Standardausstattung

Boring bar support
Boring bar for large drums
Large drum turning tool
Safety guard
Truck drum silencer band
Ø 50 mm shaft with nut and spanner
Spaces
Centring cones
Wrench set
Instruction manual

Technische Daten

Diamètre min-max de tournage
tambours: 150÷1170 mm
Diamètre max de tournage disques:
0÷855 mm
Course table longitudinale: 410 mm
Course chariot transversal: 145 mm
Vitesse rotation broche: 30÷120 rpm
Avance table longitudinale: 0÷30
mm/min.
Avance table transversale (optionnelle):
0÷30 mm/min.
Puissance moteur mandrin: 1.5 kW
Puissance moteur table: 0.07 kW
Dimensions (LxPxH): 1300x950x1450h
Poids: 655 kg

Zubehör

UT0012

Wendeplatte für UT0011, UT5008 und UT5009 (10 stk.)

UT5008 / UT5009

Right (UT5008) and left (UT5009) hand L shaped

insert tool holder

AC0180/3

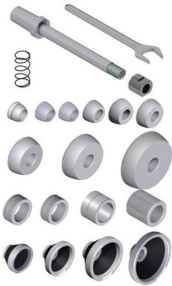

Flansche für LKW Trommeln ohne Nabe

AC1188

Universaler Flansch für Trommeln ohne Nabe

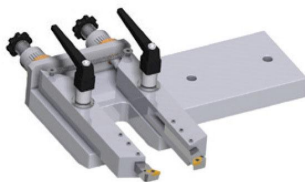

TDL30

Klein LKW und pkw scheiben und trommeln zentrierung aufspannsatz

VPD18

Klein trommeln und scheibe - Ø 18 mm Welle

TR0996

Doppel stahlhalter für LKW

UT0015

Truck drum insert tool

PV0060

Mahltrommeln

PV1250

Armkran zum Trommeln heben
